

OK'S Cascade Company

OK'S Cascade has the equipment, knowledge, and experience necessary to provide all of the essential equipment for basic daily needs. Our mobile shower units are fully self contained. Whether it's an event in a remote location, or right outside your door, we are ready to serve you. There is nothing like a hot shower to help you jump start your morning, or unwind after a particularly hard day. Unfortunately this is normally just not possible when an event is located far away from standard services. Let us be your complete solution!

ADA MOBILE SHOWER DESCRIPTION:

An OK'S Cascade 5 head ADA unit is a fully functional mobile shower, housed in a 28' trailer. The mobile shower has been designed with a total of 5 individual shower stalls including an ADA complaint stall . Unit also comes equipped with 3 sink basins which feature mixing faucets along with hand soap and paper towel dispensers.

CAPACITY:

Our 5 head ADA shower units are fully capable of supporting over 20 people per hour of operation.

POWER REQUIREMENTS:

The 5 head ADA mobile shower requires an electrical source. One 20 amp, 110 volt single phase electrical cords will power the unit.

POTABLE WATER REQUIREMENTS:

5 head ADA mobile showers require a pressurized water source, a single 3/4" garden hose fitting.

GRAY WATER REQUIREMENTS:

The mobile shower also requires a gray water drop site. Connection is made with a 2" male camlock fitting. If no city sewer drop exists, the unit is supplied with self-contained 1350 gallon holding tank. A gray water removal service is required to drain tanks.
